Renowned for his riding talent and his gift for teaching, Bernie Traurig is one of the most sought after clinicians in the industry today. In a career that spans over five decades, Bernie has represented the United States Equestrian Team both at home and abroad and reached the top of the sport in Show Jumping, Dressage and Eventing. Bernie was inducted into the National Show Hunter Hall of Fame in 2009. In 2010, the California Professional Horsemen's Association honored him with their Lifetime Achievement Award. He was awarded the USHA President's Distinguished Service Award in 2012. His talent for teaching goes back to his roots where he was fortunate enough to have been educated by some of the very best Master Instructors this country and the world have to offer. After amassing over 50 years worth of training and riding techniques and experiences with thousands of horses, Bernie is driven to give back to the sport that has given him so much fulfillment and success.
